ST. PETERSBURG, May 29.—Count Tolstoy, the distinguished novelist, is reported to be lying seriously ill with peritonitis. The disease has not thus far yielded to the treatment of his physicians, and they now despair of saving his life.

A nihilist plot hatched in France.

PARIS, May 29.—The police of this city recently received information that a number of nihilists were organizing a plot against the Czar in this country. The information was followed and the result was that fifteen persons charged with being implicated in the plot have been arrested. A number of incriminating documents were seized at the lodgings of the leader in the plot—a nihilist named Mendelsch, who resides at Fontenay-Aux-Roses, near this city. A quantity of explosives was also seized at his residence. The names of the other persons arrested are: Orlow, alias Volgin; Reichen and his wife; Peptoff, alias Levoff; Katchen, alias Ananien; five students named Lavrenko, Chalovski, Nakatchin, Napanoff and Iemstet, and four young women named Alchizina, Labrovitch, Pedozova and Bromberg. The police also have information which they claim proves that the prisoners purchased materials for the manufacture of explosives from various chemists in Paris.

A RUMOR DISCREDITED.
The Russian journals discredit the rumor of a rapprochement between Russia and Germany. They declare that closer relations with Germany are not desirable, because of the Austro-German-Italian alliance which encourages Austria's anti-Russian designs in the Balkans.

MORE ARRESTS.
In addition to the arrests before mentioned to-day a number of other nihilists were taken into custody this afternoon. Among the explosives seized at the lodgings of Mendelsch were a number of finished bombs. Materials for the manufacture of explosives were seized at the lodgings of a number of other persons arrested.

England.

LONDON, May 29.—Many supporters of the Government now take a despondent view of the local taxation bill and are strongly disposed to urge its withdrawal. A proposal which finds favor with a number of the ministerial party and which will be urged in the course of the debate, is that a bill, together with the Licensing bill proposed by Lord Randolph Churchill, should be referred to a select committee. Such a course would effectually shelve the measure for the session and the Government would probably assent to it if they should reach this conclusion that it was hopeless to press the bill forward. The Conservative agricultural members are doing their best to induce the ministry to proceed with the bill, but the general estimate on the Conservative benches is that the prospects of the measure are growing more gloomy every day.

SIBERIAN EXILE.

Mr. Harry Quilter's circular inviting an expression of opinion upon the two points, whether the system of Siberian exile is not a disgrace to a civilized nation, and whether steps should not be taken to call the attention of the British Government to these outrages, with a view to diplomatic remonstrance, has caused a variety of replies. Several members of Parliament have suggested that the same sort of circular might be issued in Russia in regard to Ireland, and a number of eminent politicians have evaded the questions by replying that no official reports of the alleged outrages have been received, nor is there any warranted statement of the facts of the matter at hand.

SENATOR BLAIR'S AMENDMENT CRITICIZED.

The Chronicle criticizes in a semi-numerous vein the amendment offered to the naval appropriation bill in the United States Senate by Mr. Blair, withholding funds for the construction of new war ships until the President has requested England to throw down her arms, abandon her American possessions and run away. The proviso suggested by Mr. Blair, the Chronicle thinks, is, of course, entitled to no serious comment or consideration, but is to be regarded merely as an instance of the readiness of the American politician to take the most popular taste for "twisting the lion's tail."

BROKEN ALL FAVORABLE RECORDS.

At Leicester to-day, Howell, the English champion bicyclist, broke all previous records, and won the championship of the world.

MR. LESLIE STEPHEN.

Mr. Leslie Stephen, the celebrated biographer and editor of the Cornhill Magazine, is contemplating a trip to the United States for his health. He will sail for Boston within a few weeks.

THE MEISSNER, 1814.

A French gentleman named Chanchard, has purchased the Meissner, 1814, paying for the picture the sum of \$170,000.

EX-QUEEN ISABELLA.

Isabella, ex-queen of Spain, who has been spending some days in this city, left to-day for Paris.

A CARBO ON FIRE.

LIVERPOOL, May 29.—Two thousand bags of sulphur, a quantity of drums of caustic and a number of bags of lime and lime were destroyed by the fire which broke out yesterday on the White Star Line's frigate steamer Hattie, which was to have sailed hence for New York to-day. It is reported the fire is still burning.

Ireland.

DUBLIN, May 29.—In a letter to the Freeman's Journal, Archbishop Walsh says that the "Tenant's Defense Fund" amounts to over \$200,000. The fund, the Archbishop declares, represents an assertion of the most fundamental principle of Christian morality, and that the property of the poorest tenant is as sacred as that of the richest landlord.

Bulgaria.

SOFIA, May 29.—Maj. Panitza, who, with a number of others, is on trial here on the charge of conspiring against the Government of Bulgaria, spoke to-day in defense of himself and his alleged co-conspirators. He de-

clared that he had devoted his life to Bulgaria, and said he would welcome death, and even ignominy, had he conspired against her. He demanded the acquittal of himself, Capt. Kolobkov of the Russian army and the others charged with being implicated in the conspiracy. He declared that the cause of the prosecution had completely broken down, and that all the accused should be immediately released.

France.

PARIS, May 29.—During the stay of Count Herbert Bismarck in Paris he will pay visits to M. Ribot, Minister of Foreign Affairs and Premier de Freygnat.

A REVOLT AGAINST CLEMENCEAU.

An effort is being made to form a Radical group in the Chamber of Deputies without Clemenceau, whose leadership many of his former followers are revolting against.

Austria-Hungary.

VIENNA, May 29.—The employees in the iron foundries in the vicinity of Vienna have served formal notice upon their employers that they will strike on Monday for shorter hours and higher wages.

WILL BE PREVENTED.

The convening of a Slav Congress in either Galicia or Bohemia will be prevented by the Austrian Government.

Germany.

BERLIN, May 29.—Dr. Schweininger, Prince Bismarck's physician, is at present treating two Turkish doctors, Feluy Bey and Berian Bey, in his world-famed cure for corpulence. The Turks are the Sultan's personal physicians, and were sent to Germany to learn the famous German doctor's method, because the Sultan was unable to procure the service of Schweininger himself. It is highly probable that the commander of the faithful will shortly be put through the treadmill and subjected to a vigorous diet with a view to lessening his fat.

COUNT HERBERT BISMARCK'S RETURN.

Count Herbert Bismarck, who has been visiting in Paris, returned to Berlin to-day.

China.

LONDON, May 29.—Advices from Shanghai state that the steamer Paoting, trading locally between Chinese ports, has been destroyed by fire. Twenty-two persons who were on board the steamer are missing.

Italy.

ROME, May 29.—The Pope has written a letter to Prince Luitpold, Regent of Bavaria, deploring the attitude recently assumed by the Prussian and the Bavarian Government toward the proposed Catholic Congress.

The Dominion.

By Telegram to the Post-Dispatch.

MONTREAL, Quebec, May 29.—In the Kimber case, the Ontario Court of Appeal has rendered a verdict of acquittal, but the investigation was very unsatisfactory. Later in the afternoon the Coroner, realizing the indignation which his hurried inquest had caused, ordered an autopsy which was held by Dr. Mount and Brennan. After a careful examination the doctor found several contusions on the back of the head and eight wounds on the neck, one of which was from five to six inches long. The body, however, was in such an advanced state of decomposition that they are unable to say whether death resulted from the wounds or from drowning.

BIG REAL ESTATE SALES.

THREE DEALS IN RESIDENCE AND BUSINESS
PROPERTY AGGREGATING \$355,000.

Names of the Syndicate Who Bought the
Dorris Property for \$300,000—Daniel Cat-
lin Sells the Corner of Seventh and Chest-
nut for \$150,000—P. Cunningham Par-
chases the Christy Avenue Church for
\$38,000.

The vacant corner at the northwest corner
of Seventh and Chestnut streets, known as
the Jay Gould property, was sold to-day for
\$150,000. The buyer's name is one of the real
estate secrets for the present, but the pur-
chaser is said to be a Western man, a non-
resident. There is no doubt though that the
valuable corner is sold, for the money has
changed hands and the negotiation will be
closed in a few days, when there will no
longer be any necessity on the part of inter-
ested persons in suppressing the particulars
pertaining to the transaction.

Charles H. Bailey's board is on the property
and the presumption was that he knew some-
thing about the transaction, but if he did he
professed to have had nothing to do with it
when asked about the matter. He was asked
if it was not a fact that his son had perfected
the sale, but he said: "Well, if Charley did
sell the corner I know nothing about it." If
Mr. Bailey had any information he refused to
give it more than to assert that he did not
know that the property was sold.

That it is sold there is no doubt. At a
profit, too, of \$40,000 more than the grantor,
Daniel Catlin, paid for the site. Mr. Catlin
bought the corner for \$110,000, because the
last from Jay Gould, and there was a good
deal of speculation at the time about how he
was going to improve the property. He now
has money out of it. This problem is doubt-
less solved to the entire satisfaction of
Mr. Catlin's financial welfare, and the re-
sult shows there is no need for anxiety about
anyone losing money when the put is into
St. Louis real estate. As another evidence of
this fact Jay Gould's corner was sold for
\$85,000 in April, 1887, when the entire prop-
erty was occupied by substantial two-story dwell-
ings which were then the property of a busi-
ness man who had purchased the property for
his railway and telephone employees on
which he never put there, but for all that the
corner, stripped of its improvements and
with every source of income cut off, was
sold at a profit of \$7,000 to Mr. Catlin,
who has made \$40,000 out of the transaction.

ROBERT CHURCH FOR \$38,000.

The probabilities are that there will soon be
a great change in the appearance of the
Eleventh street, between Washington avenue
and Morgan street, as the old colored church
at the head of Christy avenue, recently pur-
chased by P. Cunningham of Cunningham
Bro., who will shortly tear away the present
building and erect a substantial business
house upon the premises. Mr. Cunningham
bought the property for \$38,000,
but as he could not find a suitable
site and precise character
of the building he is going to erect there, was
not learned definitely. The property is now
being built upon from seventy-five feet to
a depth of 100 on the west side of Eleventh,
directly at the head of Christy avenue, and
that he will put a good building upon
such a commanding site found several con-
ditions for the site. He has already made some fine
improvements on the avenue, his seven-story
building at the head of Christy avenue, and
Eighty being the first of the many modern
business houses which now adorn
the street. Mr. Cunningham paid \$20,000
for this fifty-foot corner in February, 1888,
and later in the same year he bought the
southern corner, 40 feet, for \$24,000 and
reared it for \$30,000 to W. H.
Thompson, who is now improving the site
with a splendid avenue of trees. The prop-

ED NOLAND INDICTED.

THE COLE COUNTY GRAND-JURY RETURNS THREE BILLS.

Two Indictments Charge the Ex-State Treasurer With Embezzlement and the Third With Lending \$10,000 of the State's Funds to Banker Fleming, One of His Bondsmen—A Curious Report.

By ~~Specialist~~ to the POST-DISPATCH.

JEFFERSON CITY, Mo., May 23.—At 11 o'clock

connected with the most prominent families of Colorado, gave himself up and is now in jail.

BANKRUPTS IN HEALTH

FROM OVERWORK,
LACK OF PROPER EXERCISE,

to-day's low county grand jury rendered three indictments against the Treasurer, J. T. Noland. They charge him with the embezzlement of the State's money in the usual language of indictments. The only startling feature of the indictment is that Noland is charged with loaning \$10,000 of the State's money to one of his bondsmen, J. S. Fleming, a nephew of this city. After

recalling the fact of No. 4's election, etc., the jury finds that as State Treasurer he "unlawfully, willfully and feloniously loaned out to J. S. Fleming the sum of \$10,000."

Another indictment charges the ex-Treasurer with embezzlement and the third one is of similar effect. The witnesses for the State are: D. B. Francis, Eugene Wilkerson.

ROGERS' ROTAL

NERVINE

By using it, such people can be built up

Chief Clerk under Nolan, Thomas Bradbury, a clerk in the office; L. V. Stephens, State Treasurer; Charles Parsons, H. W. Chies, F. E. Marshall, Wm. Hammell, F. C. Adams and E. F. Swiny. The last three witnesses are unknown here. At 12 o'clock the Sheriff was notified to produce Nolan in court.

NOT IN COURT.

At 13 o'clock the Sheriff had not found Noland, although he is in the city and not endeavoring to dodge the officers. He will certainly be placed under arrest within an hour. Mr. Noland is represented by his cousin, Chas. T. Noland of St. Louis. He has endeavored to create the impression that he is anxious for a speedy trial. If this is all true, he will be tried at once.

ready for trial and there is any continuance it will be at the request of Mr. Noland.

A CURIOUS REPORT.

A very curious portion of the general report of the Grand Jury is the following:

"We have also examined into the conduct of various officers, both State and county, and while there is no criminal charge against any, there is certainly in some of them a very negligent discharge of duty. From the examinations

While we have been compelled to make in this report a statement of the position of the main office, not proper to mention in this report, we find that there are many opinions which might be protested against the proposition of the people. It will probably be improper to refer to this matter specifically at this time, but we would request the members of the General Assembly when it convenes again to consider the matter.

The failure of the Grand Jury in not stating

plainly what is wrong is severely condemned. No one can understand what "State officers" are meant by the insinuations. This public is left in the dark, while every State officer is under a cloud.

THE investigating committee's report shows that Treasurer PEAKE of Kansas City had charged himself with about \$12,000 of public money applied to his own uses; that about \$7,000 more had been charged to various borrowers who had use for money just before election time and that over \$8,000 of the missing \$23,000

A Jury in Larceny Case Discharged To-Day, Being Unable to Agree.

Yesterday afternoon the case of the State against George Clarkson was tried in the Criminal Court. The defendant was charged with grand larceny, it being alleged that he, on March 11, stole a trunk containing a quantity of clothing from out of the baggage-room at the Union Depot.

pin alley at the saloon of Hiram Hyde, 1641 Franklin avenue, did damage to the amount of 75. An alarm was turned in from box 152. The cause of the blame is not known.

FATHER BYRNES' FIGHT.

A MUSCULAR PRIEST SPENDS A NIGHT AND DAY IN JAIL.

The Reverend Father Attempts to Remove a Couple of Tenants and Gets Into a Row—Mrs. Jos. Valentine, the Sister of a Priest, is a Yankee, Tackles the Priest and is Badly Beaten.

By Telegram to the Post-Dispatch. NEW YORK, May 29.—(Moore N. Y.) special to the Herald says that Rev. Father Edward B. Byrnes of the village of Monroe and the County of Orange, passed a night and a day in the County Jail. He still owes the State of New York twenty-nine days and a day of \$10 imposed by Justice A. B. Hulse, and would be paying the debt at this writing had not a sharp little Goshen lawyer named Sweeney, Police Justice of the place, gone down to Warwick and secured a release on behalf of County Judge Rastie, to whom the case has been appealed. And all that the Rev. Father Edward J. Byrnes did to incur this sentence was to club Mrs. Jos. Valentine, the Irish wife of an American citizen, half way into insensibility and then pile some sections of a rail fence on top of her. Then once on a time, Tom Crimmins, the brother of John, ex-Park Commissioner, bought a farm in Orange County, and began supplying an asylum with milk extracted from cows who had partaken of brewer's malt.

By the way, the fact that the Rev. Father was a Yankee, and that the Irish wife of an American citizen, half way into insensibility and then pile some sections of a rail fence on top of her. Then once on a time, Tom Crimmins, the brother of John, ex-Park Commissioner, bought a farm in Orange County, and began supplying an asylum with milk extracted from cows who had partaken of brewer's malt.

BARR'S ST. LOUIS.

THE REQUIREMENTS OF THE MEXICAN FARMERS, AND THE BEST METHODS OF MEETING THEM—An American's Experience in the Sister Republic—A Great Field for the Sale of Agricultural Implements.

THE committee of the Merchants' Exchange, entrusted with the duty of ascertaining the requirements of the Mexican farmers, and the best methods of meeting them, has been for some time past engaged in collecting statistics in reference to this branch of trade, and a meeting will be called within a few days. From reports received from the different Consuls, it is evident that the trade of the United States with Mexico and the Central American States has increased greatly within the past eight months, and that St. Louis has obtained its full share. The reason for this is that this city is the greatest distributing point in the Southwest for a class of goods that is particularly required by the inhabitants of the districts mentioned.

STABBED AT A WEDDING.

Brutal Sequel to a Marriage Feast in North St. Louis This Morning. A stabbing affray at a very early hour this morning on Mound and Ninth streets will probably result in the death of Edward Murphy, who is now lying at his home, at the rear of 145 North Ninth street, in a semi-conscious condition. In intervals of consciousness he maintains a dogged silence, and says: "I don't know" to every question. This morning he was prevailed upon, however, to tell his father and brother, who are now at his home, that he was stabbed by a man named Tom Sheeley. From other sources, it is learned that the wedding was held at the residence of the bridegroom, a married man, and that the bride was a young woman named Mary. The wedding was attended by a party of about twenty persons, and the bridegroom was wearing a suit of black cloth. The bride was wearing a white dress.
